CCHCs partner with child care providers to:

- Assess the health and safety needs and practices in the child care setting
- Establish policies and procedures for health/safety emergencies
- Provide health education and wellness programs, as well as health screenings
- Offer solutions for managing injuries or infectious disease within the child care setting
- Connect caregivers and families with community health care resources and experts
- Provide up-to-date information and guidance regarding child health and safety
- Help caregivers develop strategies for caring for children with special health needs
- Offer on-site assistance to review immunization records, implement health-related policies, provide guidance in food handling and storage, playground safety, nutrition, hand washing, diapering, etc.
- Conduct community-based and onsite trainings for early education and care professionals in health-related topics

If you are interested in becoming a CCHC, please contact Bette Katz at 775-856-0127 or bkatz@childrenscabinet.org.
